LOCAL CHURCH IN IMPRESSIVE CELEBRATION

PAUL'S CATHOLIC CHURCH
MARKED 75TH ANNIVERSARY
ON SUNDAY

SPECIAL CHOIR - PRESENT

Services Conducted By Father Thomas J. McGrath At 4 O'clock Sunday Afternoon

Paul's Catholic Church observed the seventy-fifth anniversary of the founding of the Catholic church in this community in a beautiful and impressive service at four o'clock Sunday afternoon. The service was conducted by Father Thomas J. McGrath, bishop of Indianapolis, who had planned to participate in the services because of the death of his mother.

A choir of eighteen men from the St. Peter and Paul Cathedral of Indianapolis under the direction of Elmer Steffen, furnished the music for the Sunday afternoon program. They were up one of the finest churches in the United States and it was a rare privilege for Greencastle to have them. Miss Shephard was the organ accompanist.

Father McGrath in his talk said that the Catholic church in Greencastle was founded in the year 1866, on Locust street, and on June 1866, the present site was purchased from the Presbyterian congregation and has been maintained in a church edifice since.

Father McGrath paid a tribute to the founders of the local church and the present congregation which sacrificed to make it possible for the church to observe its diamond jubilee.

During the few years Father McGrath has been here, he has materially improved the property of the church through improvements, the roof being the roofing of the entire church with copper shingles. The interior of the buildings have also been improved along with the exterior until it is one of the most modern and well improved structures in the church organization.

HIGH SCHOOL OBSERVES "BILL OF RIGHTS DAY"

"Bill of Rights Day," which is being nationally celebrated today, was observed with a brief but impressive service at the Greencastle High School this morning. The observance was sent to all home rooms by sound broadcast while students were still assembled before passing to their first-hour classes.

The program was in charge of Glenn Skelton, vice-principal, and head of the history department. Mr. Skelton, in well chosen words, called the attention of students and teachers to the national celebration on the occasion of the 150th anniversary of the ten famous Articles. He pointed out, also, that never before had the American consciousness become more aware of the true significance and meaning of "The Bill of Rights" than today when the very Rights are threatened.

Mr. Skelton then presented Miss Betty Wells, a student speech teacher from DePauw University, who read the ten articles in a clear and impressive manner.

MR. ROOSEVELT WILL ADDRESS NATION TONIGHT

TO BROADCAST RADIO MESSAGE TO AMERICANS AT NINE O'CLOCK

WASHINGTON, Dec. 15.—(UP)—President Roosevelt is expected to caution civilians tonight against "inflamed or hysterical action" during the war.

He will speak to the nation by radio at 9 p. m. (CST) over all major networks in a program celebrating the 150th anniversary of the Bill of Rights—the first 10 amendments to the constitution.

His remarks are expected to be of great importance to civilians living in a nation at war. Other speakers began the celebration yesterday by advising them to exercise extra caution against intolerance that might bring hardships to innocent persons.

Assistant Attorney General Wendell Burge, head of the Justice Department's civil liberties division, set the tempo last night when he declared in a radio address:

"We are anxious to spread the word that we want no vigilante action by private citizens or organizations during the war. Federal law enforcement agencies are fully adequate to cope with actual cases of dangerous, subversive activity."

REPORTS MADE ON HEALTH IN CITY SCHOOLS

PROGRESS NOTED IN PROGRAM
IN GREENCASTLE SCHOOL
SYSTEM

HEALTH COUNCIL IN SESSION

Reports Made By Supt. Paul F. Boston And Miss Pauline Smith, School Nurse

At a recent meeting of the School Health Council, composed of one representative from each of the city parent-teacher associations, reports were made by Paul F. Boston, superintendent, and by Miss Pauline Smith, school nurse, concerning the progress of the health program in the local schools.

Mr. Boston reported that all Greencastle teachers, custodians, bus drivers, clerks, in fact, every school employee had been scheduled for health examinations in accordance with Section I (b) of Chapter 214 of the Legislative Acts of 1941. According to the provisions of the law each such school employee in Indiana must have a health certificate showing freedom from tuberculosis or from the social diseases. The certificate must be filed before March 16, 1942. The law further provides that each employee must be examined not less frequently than each three-year period thereafter. The Greencastle examinations will be made at the Putnam County hospital under the direction of the school physician, Dr. G. D. Rhea. The expense of the examination must be borne by the School Board. In case an employee prefers to secure his own examination in other ways than that specified this may be done at the employee's own expense but in any case, the examination must be made by a duly licensed doctor of medicine. The minimum requirements under the state law includes the chest X-ray for tuberculosis and the blood test for other infectious diseases.

The law also provides that persons who are addicted to drugs or who are intemperate may not be employed as teachers, janitors, or bus drivers in the state of Indiana.

This law, given to us for the protection of our children, is a long step beyond the selection of a teacher because of his ability to teach the proverbial three R's and because of his prowess in fist encounters with the school bully.

Miss Smith, school nurse, reported that all Junior-Senior high school students have had heart examinations by the school physician, Dr. Rhea. She also reported that all members of the basketball teams and 96 freshmen have been given tuberculin tests. Those who gave positive reactions to these tests were also given X-rays. This work was again sponsored by the Putnam County Tuberculosis Association.

Stores Will Be Open Evenings

ONLY EIGHT MORE SHOPPING
DAYS REMAIN UNTIL
CHRISTMAS

With only eight more shopping days left before Christmas, a number of Greencastle stores will remain open until nine o'clock each evening beginning Monday, December 15th. The decision on the part of these merchants is prompted in the desire to accommodate the people who are unable to complete their shopping during the day.

The many gifts on display in the Greencastle stores this year are attractive and compare favorably with stock of any former year. It would not seem that anything is lacking in the way of a gift in spite of what may be heard regarding government priorities. This is due largely to the fact that the Greencastle merchants placed their orders for Xmas merchandise earlier this year and, therefore, are more fortunate than the merchants of many other cities.

The people of Greencastle are urged to see what the local merchants have to offer in Xmas gifts as well as necessities before concluding that they will be unable to get what they have in mind. It will prove a pleasant surprise to many.

Porter at a dinner to be held in the Community hall of that church, the evening of Thursday, Dec. 18, beginning at 6 o'clock. Dr. McClure becomes district superintendent, succeeding Dr. Porter, who goes to Peru to resume pastoral work.

Distinguished speakers at the dinner will be Dr. Clyde E. Wildman, president of DePauw university, and Bishop Titus Lowe, of the Indianapolis area of the Methodist church. "A splendid program has been arranged," Dr. Wildman will preside. Reservations are to be made at once. The announcement of the meeting is signed by D. W. Smythe, president, and James R. Pence, program committee chairman.

"House Of Magic" Program Tonight

SCIENTIFIC SHOW WILL BE
PRESENTED AT LOCAL
HIGH SCHOOL

New discoveries of scientific research, undreamed of by the average layman, will be demonstrated in the General Electric "House of Magic" show to be presented this evening in the Greencastle High School auditorium.

According to J. A. Bamberger, district manager of the Public Service Company of Indiana, who arranged for the exhibition here, this unique science show suggests some of the startling changes that are in store for future generations as a result of the work being carried on today in the research laboratories of the General Electric Company.

During the hour and a half show, C. E. Gluesing, a professional magician, science lecturer and member of the G-E laboratory staff, will demonstrate and explain such scientific wonders as the control of an electric current by the human voice, the electric lamp that is lighted with a match, the artificial fever machine, a motor that runs on light from the sun, and dozens of others.

Because of the tremendous interest shown in the "House of Magic" exhibition at the New York World's Fair, where more than 3,000,000 persons are said to have witnessed the demonstrations, a large audience is expected here, said Mr. Bamberger. In addition to the public showing Monday night, a special performance will be given in the afternoon for high school students. Admission to both performances is free.

Reds Smash At German Fronts

RUSSIANS REPORT MASSIVE
COUNTER-OFFENSIVES ON
NAZI FORCES

MOSCOW, Dec. 15.—(UP)—The red army is smashing German lines on key fronts all the way from the Baltic to the Black sea in its great counter-offensive, communiques and official front dispatches reported today.

In the Tikhvin sector of the Leningrad front, Gen. K. A. Meretzkov's army smashed the Volkhov defense line and was pursuing the battered 39th German army corps.

(This meant a minimum advance of 40 miles against anywhere from 30,000 and 60,000 German troops.) Already, according to telephonic advices from the front, Meretzkov's men have retaken 100 villages since recapturing Tikhvin.

On the next sector southward, Kalinin, on the Moscow-Leningrad railroad, one of the most important cities on the Moscow front, had been invested by the counter-offense force. (Continued on Page Four)

MESSIAH WAS PRESENTED IN BOWMAN GYM

CHRISTMAS FEATURE GIVEN BY
CHORAL UNION SUNDAY
NIGHT

WILBUR CHANDLER, DIRECTOR

Audience Estimated At One Thousand and Persons Enjoyed Program In University Gymnasium

An audience estimated at more than one thousand persons heard the new DePauw-Greencastle Choral Union present Handel's "Messiah" Sunday evening in Bowman Memorial Gymnasium. The oratorio was presented as the University Vespers program for December. The chorus was ably directed by Wilbur R. Chandler, new instructor in singing on the DePauw Music School faculty, who organized the choral union this year. More than 200 voices took part.

A half hour excerpt from the "Messiah" will be broadcast Wednesday evening at 10:30 o'clock over the Red Network of the National Broadcasting Company. This coast-to-coast hook-up was arranged by radio station WIRE in Indianapolis through whose facilities the program will be clear. Admission to the broadcast will be by ticket only. These may be secured without charge from the University Publicity Office. The broadcast will be made from Meharry Hall.

The soloists for the Sunday night presentation of the "Messiah" were Miss Carmen Siewert, soprano; Miss Edna Tyne Bowles, alto; Mr. Chandler, tenor, and Edmond Jarvis, baritone. The Solos and the Overture and Pastoral Symphony were directed by Herman Berg. The DePauw symphony of seventy-five pieces also provided accompaniment for the chorus.

This year's presentation was considered noteworthy. The large chorus sang with precision and finesse and gave an inspiring performance under the baton of Mr. Chandler.

A second musical treat is in store for campus and city music lovers when the famed Coolidge Quartet appears here Tuesday night for a recital of chamber music. This quartet is famous in radio, in motion pictures and in concert work. They were featured at the World Exposition in San Francisco. Their appearance is being sponsored by the School of Music and student music organizations. The latter are in charge of ticket sales.

KNOX REPORTS ON CONDITIONS IN WAR ZONE

NAVY SECRETARY HOME FROM
FLYING TRIP TO HAWAIIAN ISLANDS

FDR STUDIES HIS REPORT

Secretary Knox Conferred With President At White House Late Sunday Night

WASHINGTON, Dec. 15.—(UP)—President Roosevelt revealed today that Japanese submarines as well as airplanes participated in the sudden onslaught on the Hawaiian Islands on Dec. 7.

He made the disclosure in a report to Congress on the background of the war with Japan, in which he also revealed that Japan was making preparations of her desire for peace three hours and 40 minutes after the attack began.

The President sent the documented review of Japanese-American relations to Congress as he received a detailed personal report from Secretary of Navy Frank Knox, who returned last night from a flight to Hawaii, where he inspected at first-hand the severe damage sustained there by the fleet and by shore bases in the surprise attack a week ago Sunday.

WASHINGTON, Dec. 15.—(UP)—President Roosevelt studied his first report on Japan's surprise raid on Pearl Harbor today as Congress began work on hurry-up orders for war appropriations, draft legislation and new war powers.

Secretary of the Navy Frank Knox returned from a quick inspection of Hawaii shortly after 9 p. m., last night. It was assumed that he conferred immediately with the President. Announcement of his return was withheld until almost midnight, presumably after he had left the White House.

Knox is expected to confer again with the President and policy-making naval officials during the next few days and formulate whatever new policies appear to be called for in the light of the damage rendered this country's naval and military establishments on Hawaii.

Details of the Navy's and Army's Hawaii losses are being withheld from the public. And no complete report is promised.

There was speculation whether Knox's investigation would lead to changes in either army or navy command in the Hawaiian area. This was coupled with reports that Admiral William D. Leahy would return from his ambassadorial post in Vichy to take a high defense position, possibly as commander of the entire mid-Pacific area. Leahy is 66 years old.

Official navy announcement that on Wake Island "the marines continue to resist" added to the urgent enthusiasm with which Congress approached its job. It was probable, however, that Guam and its garrison of 400 navy ratings and officers and 155 marines had been captured. Nothing has been revealed from Midway Island since 9 a. m., Saturday.

There were two more air attacks on Wake Island yesterday. The marines bagged two Japanese bombers. The War Department's bill to register men from 18 to 64 years for military and non-defense selective service is to begin moving this week as Congress attempts quickly to complete action on a drop-in-the-bucket \$10,000,000,000 appropriation. Backed up behind that is a new tax bill to levy between \$5,000,000,000 and \$10,000,000,000, largely against income tax payers. The bill hearings, however, will not begin until Jan. 15. The government soon will be spending \$5,000,000,000 a month, but its tax revenue is only about \$1,000,000,000.

THE SPIRIT OF

There was a need for unity in the hard-fought years of 1917 and 1918. There is a need for unity now. Just as then, every American is in service to his country: the man who serves on land or sea, in uniform; the man who keeps faith in business, the worker who produces the goods so vital to the successful fulfillment of our present task. Now, as then, the spirit of the people united marches on.

Agitating the Draperies

(By Jim Zeis, Sports Editor)

er Cubs, Athenians Preparing For Battle Here Tuesday Evening

Following article was submitted by a member of the staff of the Greencastle school and concerns the basketball game between the Tiger Cubs and the Athenians here Tuesday night:

There is much "sharpening" going on among the "sharp" in Greencastle and Crawfordville. The Athenians are sharpening their battle axes, while the Tiger Cubs are "sharpening their" in preparation for the skirmish between the two teams tomorrow night in the local high school gymnasium. Rivalry will be high, and "fury" is bound to fly. After the game is over, however, the Athenians will find their axes badly bent by the "clawing" by the Tiger

enthusiasm about the game has aroused among the Greencastle student body. There will be a pep session in the local gymnasium after school at three o'clock, and Martha Wamsley will lead the song leaders, Wanda York and Georgia Zis will be the song leaders, and the band will furnish some good music. Special guests will appear on the program at the pep session. Russell Alexander, publicity director at the University, will be the principal speaker. Another feature will be an interview with a distinguished John Hayseed, by Mr. Stewart. Hayseed will present his views on the game and his predictions for the outcome of the clash tomorrow night. The game Tuesday evening, under the direction of Gene

Pennington, will play. A special attraction will be a performance, given by the Greencastle High School drum corps, led by Max Forster. The public is invited to attend both the pep session at three o'clock Tuesday afternoon and the game between Crawfordville and Greencastle Tuesday evening.

TIGERS DEFEAT SECOND Foe ON EASTERN TRIP

DePauw's Tigers are making quite a name for themselves in Pennsylvania basketball circles, having defeated two strong outfits on their eastern trip.

Thursday afternoon. The meeting opened with the Bible quotation "Then Jesus said unto his disciples if any man will come after me let him deny himself and take up his cross and follow me," followed by prayer by the president, Mrs. Joe Crosby has charge of the devotions and Christmas music, which was very beautiful.

Mrs. B. F. Handy had charge of the program. Her subject was "The Youth of America" which was both interesting and encouraging. She stressed the fact that our youth are not "Soft" but full of courage and possibilities and when the time comes, "they can do it."

Miss Virginia Torr, Miss Betty Handy and Miss Judy Friend gave a discussion leading to a fourfold line using social, mental, physical and religious developments as being the four necessary points to achieve a fourfold life. They also gave their opinion and were enthusiastic as to the success of the Youth's Foundation Movement as doing much toward shaping and moulding a well balanced life, and directing a life work both usefully and economically. This was most interesting and helpful and enjoyed by all.

The meeting closed with the Section prayer after which there was a social hour with Christmas carols and hymns by Mrs. Crosby. Refreshments were served by the hostess committee consisting of Mrs. Lee Williams, Mrs. Frank Deer, Mrs. William Welch and Mrs. Abie Frazier.

FIND BLOOD SOAKED AUTO

NEW CASTLE, Dec. 15—(UP)—State police today sought facts surrounding a blood-soaked automobile that was abandoned in a farmyard

MR. AND MRS. BITZER OBSERVED FIFTIETH ANNIVERSARY SATURDAY

At their home on south Crown street, Greencastle, Saturday Mrs. Frank L. Bitzer paused in her quilting long enough to join her husband in talking to a Daily Banner reporter concerning their fifty years of married life.

To the calling newspaper man, the quilt on which she was working seemed to be an unusually attractive one. Its background was light yellow, with blocks of apple green, and the fan design was of small pieces of dark colors. Mrs. Bitzer, pleased with the compliments of the caller, brought in, for his inspection, a very elaborate creation which was of the "small wedding ring" pattern. "It has 2,225 pieces," boasted Mrs. Bitzer. She was asked how many quilts she has made in her lifetime. "Oh, child," she said to the newspaper man, "I can't tell you. I got my start from my grandmother, who raised me. I have made such things since I was eight years old. I began weaving carpets when I was little and kept it up until I was married."

Mrs. Bitzer was Mary Naomi Beatty, as a maiden. She was the daughter of James M. and Sarah Ellen Beatty, and was born at Portland, Indiana, May 8, 1871. "But the age drove our folks away from there when I was a little girl, and they went back to Fayette county, Ohio, where they had lived before going to Portland. Mrs. Bitzer was raised there, in her grandmother's home. She and Mr. Bitzer were married in the home, which was at Bloomingburg, in Fayette county, Dec. 13, 1891.

Mr. Bitzer was named Frank, only, by his parents. "My first school teacher put in the 'L' and I finished it out by making my name

near here. Police said two holes in the door apparently were caused from bullets and that the license plates probably were stolen. Mrs. Sadie Talbert, who reported the car, told police a man pushed it into her yard with another machine and said he would return for it.

"Leslie." He was born in Fayette county, also, but on Christmas day, 1870. His father was William Bitzer and his mother was Elizabeth McMaster Bitzer. He has one brother, Charles in Fayette county.

Mrs. Bitzer's three sisters and four brothers are all in Ohio. She has been a very efficient lady chef in several of the large rooming houses of the university here, but she finally had to give up such work because she was too small to continue to lift the heavy cooking utensils of such institutions up onto the ranges and tables. She had similar work with Mrs. Nellie Anderson, and she said she enjoyed very much being with that lady.

Mr. and Mrs. Bitzer are the parents of Harry Bitzer, a graduate of DePauw, now a teacher in Ohio; of Orval Bitzer, truck man of Greencastle, and of Goldie, wife of Frank Overhauser, an inspector at Allison's, but living just north of Greencastle.

Mr. and Mrs. Bitzer have resided in Greencastle since 1918. The couple are members of the Methodist church at Bloomingburg, Ohio. Her grandfather was a minister of the Methodist church.

SMASH GERMAN LINES

(Continued from Page One)

es and the Germans were hurriedly evacuating men and materials as if for a general retreat.

Just south of Kalinin, on the railroad and nearer Moscow, red army men were slashing mercilessly at a German rear guard in the Klin sector, cutting off roads by which they must retreat and inflicting enormous casualties on the main German forces.

The country home of James Quick, living near the Marion township Hendricks county line, was completely destroyed by fire Sunday afternoon. It started from an exploding oil stove in the kitchen. Only a few pieces of furnishings were saved. The home was a two story house and was built six or seven years ago.
